You will need:

- White paper
- Pencil
- Rubber

1. Draw two small c's beside each other and then a curved line for the top of the head.

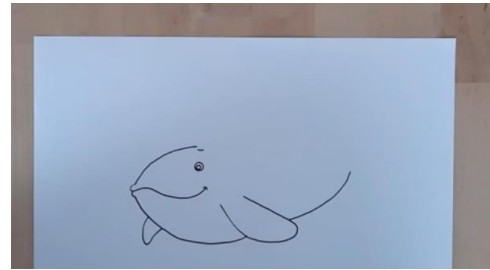

2. Start in-between the two c's and draw a curved line. This will be the mouth. Draw a small circle for the eye.

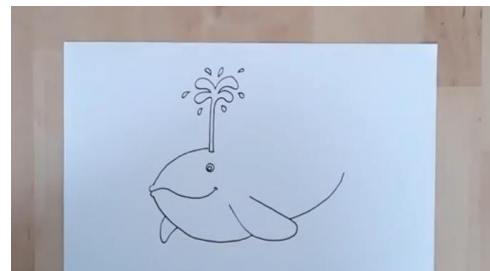

3. Draw two curved lines under the whale. Then draw a straight line to complete the fin.

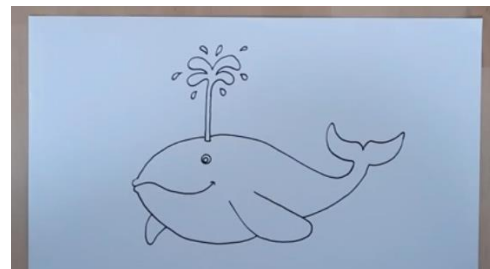

4. Draw a second fin beneath the whale and draw a curved line to finish the bottom of the whale.

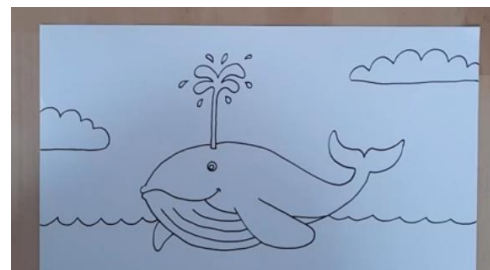

5. Draw two straight lines above the eye. Then draw a splash with droplets of water on the top.

6. At the bottom of the spout, draw a curve line on the top of the whale. Draw the fin at the end of the whale.

7. To finish you can draw some lines on the whale's belly. Have fun and add some clouds and the sea!

What colour will you be using to complete the whale?
