Circular No 022/12

15 November 2012

Dear Doctor,

The HSE has been conducting a review of Clinical Nutritional Products for some time. Enclosed please find an updated list of products reimbursable under the GMS and Community Drug Schemes with effect from 1 November 2012.

You will note that 'like' products have been grouped in categories. These are not interchangeable products for prescribing purposes but have been developed to enable a Reference Price to be derived for the grouping. The HSE is satisfied that the products within a grouping are of a comparable nutritional composition to address the same patient need.

You will be aware of the ongoing deliberations on the increasing expenditure under the Primary Care Schemes. The expenditure on Nutritional Products continues to receive particular attention. The HSE asks for your support as it continues its drive to achieve efficiencies so that essential patient services can be provided to the most vulnerable in our society.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Patrick Burke'.

Patrick Burke
Primary Care Reimbursement Service

GMS REIMBURSABLE CLINICAL NUTRITIONAL PRODUCTS EFFECTIVE 1ST NOVEMBER 2012

Company & Sub Category	Category	Product	GMS Code Number	HSE Reimbursement Price Effective 1st November 2012 (€)
