Re: PQ 18278/18

* To ask the Minister for Health the status of plans to develop a primary care centre in Bray, County Wicklow; and if he will make a statement on the matter.

Dear Deputy Brady,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health and Children for a response. I have examined the matter and the following outlines the position.

The commencement of construction of the Primary Care Centre in Bray is dependent on the temporary relocation of existing services from the Killarney Road Site.

The Bray Old Folks Association has already relocated to alternative premises. Fit out works are currently underway in the existing HSE Health Centre to facilitate the relocation of addiction services to the Health Centre and are programmed to be completed in May. Addiction Services will relocate to the Civic Centre in late May and construction works for the new Primary Care Centre will commence once the site is vacant and is anticipated in late May/early June.

The construction period is scheduled to be up to 18 months with all HSE primary care services, addiction services, mental health services and the Bray Old Folks Association relocating to the new Primary Healthcare Centre.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Lorraine Kennedy
Head of Service, Primary Care
