DETAILS: Need to upgrade and expand Emergency Department, Cavan General Hospital due to present inadequate facilities and increased attendance of patients over the last number of years.”*

Dear Deputy Smith,

The RCSI Hospital Group has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The Hospital through the RCSI Hospital Group has put forward a case for funding to the HSE to upgrade the resuscitation area and is awaiting confirmation of funding to proceed with this development.

I trust this information is of assistance to you.

Yours sincerely,
