Deputy Pearse Doherty,
Magheraclogher,
Derrybeg,
Letterkenny,
Co. Donegal

3rd December 2018

PQ 48246/18

To ask the Minister for Health if Clonbur Primary Care Centre is structurally safe and poses no risk to the public; the recent building, construction and if applicable, remedial works which have been carried out to the property between 2011 and to date in 2018; the costs associated with same; and if he will make a statement on the matter.

Dear Deputy Doherty,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question. I have examined the matter and the following outlines the position.

Remedial works have recently and previously been completed, to substantially reduce the risk of any further subsidence to the Primary Care Site at Clonbur. I would therefore not envisage any short term risk to the building structures.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

Frank Murphy
Head of Primary Care
Galway, Mayo and Roscommon
