PQ 14962/19 - Fairview Community Unit, Day Care Centre

To ask the Minister for Health when the roof of a centre (details supplied) will be repaired; and if he will make a statement on the matter.

DETAILS: Day Care Centre Day Room, Fairview Community Unit, Griffith Court, Drumcondra, Dublin 9

Dear Deputy,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position with apologies for the delay.

I can confirm the HSE is aware and has received a submission request for minor works funding to address the infrastructural repairs. The submission is currently with the HSE Estates Department and this will be considered along with such other requests for recommendation and inclusion subject to funding availability in 2019.

In the interim, the day care clients are attending their activities in the dining area. This area is not suitable for activities and we have written to the CEO of St. Vincent's Hospital, Fairview to request alternative accommodation until the repairs are carried out.

I trust this information is of assistance to you, should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Mairead Lyons
Head of Service - Social Care
