Dear Deputy Quinlivan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions which you submitted to the Minister for Health for response.

Enabling works for a 60-bed modular unit at University Hospital Limerick (UHL) commenced on site in March 2019. The total capital funding cost of this project is estimated to be €19.5 million. Approx. €80,000 has been expended to date. The main works will commence on completion of the enabling works and it is expected that the ward block building will be completed by mid-2020.

Yours sincerely,

**Jim Curran**
