

12/12/2019

**Deputy James Browne TD,
Dail Eireann
Dublin 2.**

PQ 50849/19 To ask the Minister for Health the number of children admitted to adult mental health units
Question: between 1 January 2019 and 30 November 2019 - James Browne. -James Browne

Dear Deputy Brown,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following, based on latest available data to end October 19, outlines the position. Please note required response time of the PQ precedes the publication of November data.

	Total YTD 2019*
Total	47

**note data may be subject to further validation.*

HSE mental health services are committed to age appropriate inpatient mental health treatment and to the minimization of the number of admissions of children to adult units, while acknowledging that, in exceptional circumstances, it will continue to be necessary, where there is a clear clinical imperative, to admit a small number of children to adult units, for the shortest time possible.

Children are admitted to adult units only after efforts to place them in Child and Adolescent In Patient Units are unsuccessful due to capacity or clinical needs. All admissions of young people under the age of 18 years are notified to the Mental Health Commission in accordance with regulations. All such admissions are also notified to a National CAMHS Lead Manager within Mental Health.

I trust this information is of assistance to you but should you have any further queries please contact me
Yours sincerely,

Dr Sinead Reynolds
General Manager Mental Health Services
