***PQ 6532/19* \* To ask the Minister for Health the status of the planned €7.85 million national rehabilitation unit at Roscommon County Hospital which was approved in 2015 for a 20 bed unit to be managed in conjunction with the service in Dún Laoghaire; when the design phase will be completed; when construction is expected to commence; if funding for the project is included in the HSE capital plan; and if he will make a statement on the matter. -Eugene Murphy**

Dear Deputy Murphy,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

A design team has been appointed for the proposed development of a rehabilitation unit at Roscommon University Hospital. The design team has commenced preliminary design and site information (site surveys and site investigations) are currently being conducted. Based on final design options, the required capital allocation will be determined. It is anticipated that a planning application can be lodged in late 2019.

Yours sincerely,
