Re: PQ 9491/19: "To ask the Minister for Health if the ambulance control centre in Tallaght, Dublin 24 keeps a digital record of its rapid response vehicles and ambulances ."

Dear Deputy Tóibín,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The National Ambulance Service can confirm that the National Emergency Operations Centre has a record of NAS vehicles across the country. These resources become 'live' on the Computer Aided Dispatch System when crews log on at the beginning of their shifts and NAS Dispatchers have sight of the resources on duty/available during these shift periods.

I trust this information is of assistance to you and should you require additional information please do not hesitate to contact me.

Yours sincerely,

Oliver Reilly
Asst Chief Ambulance Officer
