

07/03//2019

Deputy Louise O'Reilly,
Dáil Eireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 3415/19

To ask the Minister for Health the operational status of all primary care centres, that is, under construction, planning phase, opened and so on; the healthcare and medical staff working in each operational primary care centre by centre and occupation; and if he will make a statement on the matter.

-Louise O'Reilly

Dear Deputy O'Reilly,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for response.

Please find attached information in relation to the number of operational Primary Care Centres, as well as those under construction. Attached is a list of the Primary Care Centres that are currently operational across the country (Appendix 1), a list of centres that are under construction (appendix 2), and a list of centres that are in advanced planning (Appendix 3).

There are currently 126 operational Primary Care Centres in Ireland. Nearly 2,000 people are directly employed in these centres by the HSE. Collecting the exact staffing for these centres is a considerable administrative task. This information is not readily accessible as these records are manual in nature and it would require time and staff resources to examine in detail. The latest data we have on this issue is from November, and is attached in this document (Appendix 4)

I trust this information is of assistance to you.

Yours sincerely,

Siobhán McArdle,
Head of Operations Primary Care,
Community Operations

Appendix 1- Operational Primary Care Centres

DOH Classification	CHO	Region	LHO	PCT Location or Name(s) <i>(More than 1 name for more than 1 team)</i>
