PQ 39791/18 To ask the Minister for Health the estimated full year current cost and capital cost of providing a mobile Cath Lab for University Hospital Waterford

Dear Deputy Donnelly

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which was submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

UHW can confirm that if the mobile Cath Lab remains in place for the remainder of the current year, the estimated cost (pay and non pay) is €1.52m.

.

I trust the above is satisfactory but if you have any queries please do not hesitate to contact me.

Yours sincerely,
