PQ 28737/19

To ask the Minister for Health the ages of children waiting for a speech and language assessment in primary care in CHO2; and if he will make a statement on the matter

Dear Deputy Rabbitte,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The Community Healthcare West Speech & Language Departments do not maintain a database of the age profile of children waiting for speech and language assessment.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

Frank Murphy  
Head of Primary Care Services
