**Re: PQ Question 30266/19: "The number of adults attending speech and language therapy supports in County Donegal; and the locations in the county these supports are provided."**

Dear Deputy O'Reilly,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position;

In June 2019, a total of 149 adults attended Speech and Language Therapy Services in Donegal. Adults were seen for Speech and Language Therapy in Primary Care Centres and Community Hospitals around the county, Letterkenny University Hospital, the Stroke and Medical Rehabilitation Unit, the Community Neurological Rehabilitation Service and by specific request in private nursing homes, i.e. the adults' places of residence.

I trust this information is of assistance to you, but should you have any further queries, please do not hesitate to contact me.

Yours sincerely,
