iCare Buncrana.

To ask the Minister for Health if the HSE will be allocating more financial assistance in 2019 to an organisation (details supplied) in County Donegal and is working towards signing off on a service level agreement with the organisation

Dear Deputy Doherty

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I can confirm that the HSE has approved €36,000 to ICARE from the 2019 national budget allocation, and it is not in a position to increase this allocation. ICARE has submitted an application for national lottery funding to the HSE and a decision will be provided on the application by the end of July 2019.

I trust that this is of assistance, but please do not hesitate to contact me if you require anything further.

Yours sincerely,

Una Tomany
