**Re: PQ 18472/19:** "To ask the Minister for Health the amount spent on repairs to HSE ambulances in each of the years 2011 to 2018, in tabular form."

Dear Deputy O'Reilly,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The National Ambulance Service can confirm that prior to 2018 repairs, maintenance and servicing costs were not collated under a single heading nationally. Since 2018 these costs have been collected but not separately and as such these figures are only available for 2018. In addition these identified costs do not differentiate between vehicle types and pertain to all NAS vehicles, (circa 500).

The table below outlines the costs for 2018:

Expenditure Description	Total 2018
	EUR
Servicing ,repairs & parts combined	5,552,153

I trust this information is of assistance to you and should you require additional information please contact me.

Yours sincerely,
