22nd May 2019

PQ 19657/19 * To ask the Minister for Health the status of plans to build a new oncology treatment facility at Galway University Hospital; and if he will make a statement on the matter. - Stephen Donnelly

Dear Deputy Donnelly,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

Enabling works are currently underway for the new oncology facility at Galway University Hospital. Shortlisting for contractors for construction of the main building is also under way and this process is expected to be concluded by the end of Q2 2019. It is anticipated that tender documents will issue in Q3 2019. It is expected that the construction works of the main build will commence in Q1 2020 and take approx. 20 months to complete.

Yours sincerely,

Jim Curran
Head of Estates
