To ask the Minister for Health if the HSE provided physiotherapy services in Connemara, County Galway; the locations at which this service is provided; the frequency with which physiotherapists attend at each centre; and if he will make a statement on the matter.

Dear Deputy Ó'Cuív,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question. I have examined the matter and the following outlines the position.

The Physiotherapist for the South Connemara Primary Care Team area provided clinics in Carraroe two days a week and in Kilkerrin Health Centre one day a week. These clinics ceased at the end of April. Patients from this area are required to travel to Galway City if they receive an appointment. The Physiotherapist for the Spiddal Primary Care Team provides clinics in Tully-Ballinahown 2 days a week.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

Frank Murphy
