**RE: PQ REF 44566/19**

Dear Deputy O'Reilly,

I write in response to the above referenced parliamentary question. Tallaght University Hospital has two MRI's. The Hospital is currently replacing one of its MRI scanners. This scanner was installed in the Hospital in 2001 and was due for replacement.

The Hospital is working closely with another hospital in Dublin Midlands Hospital Group and a private provider to mitigate against the loss of any activity during the replacement. We hope to have two scanners operational by mid-January 2020.

Yours sincerely,

MR JOHN KELLY  
DEPUTY CHIEF EXECUTIVE
