Deputy Micheal Martin  
Dail Eireann  
Leinster House  
Kildare Street  
Dublin 2

**“To ask the Minister for Health if his attention has been drawn to the plan by the HSE for the transfer of 100 adolescents to adult diabetic services in the near future; and if he will make a statement on the matter”**

Dear Deputy Martin

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

A core group has been established in CUH to work on the transitioning of adolescent patients to adult diabetes services. The core group includes both adult and paediatric Consultant Endocrinologists as well as Clinical Nurse Specialists and managers. The new adult Consultant Endocrinology post will have a positive impact on the transition phase and timing of same. In the interim joint work is being undertaken by both services who have identified a number of service initiatives that it is hoped will facilitate patients transitioning to the appropriate team.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

  
\_\_\_\_\_  
Dr. Gerard O'Callaghan  
Interim Chief Executive Officer
