PQ: 41732/19

To ask the Minister for Health if a private consultation room will be provided at south Tipperary General Hospital accident and emergency department for patients that present with mental health problems; and if he will make a statement on the matter. -Jackie Cahill

Dear Deputy Cahill,

Further to your PQ, I can confirm that the Emergency department in South Tipperary General Hospital has a dedicated assessment room for patients presenting with mental health problems. The room is located within the Emergency department and is adjacent to the Clinical Nurse Specialists in mental health's office. This facility is fully compliant with the Psychiatric Liaison Accreditation Network.

Yours Sincerely
