6th November 2019

PQ 43114/19 * To ask the Minister for Health when the new framework for design teams will be approved by the HSE; the reason for the delay in approving this framework; and if he will make a statement on the matter. - Denis Naughten

Dear Deputy Naughten,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions which you submitted to the Minister for Health for response.

The formation of the HSE National Design Team Frameworks 2019 is to establish six individual frameworks for each of the principal design disciplines to facilitate the delivery of the HSE Capital Programme. These six individual frameworks are further divided into seven 'Lots' classified by project type and value, each with their own qualifying candidate companies.

The tender evaluation process for each of the six frameworks and their seven 'Lots' has been completed and the formal tender award process for the frameworks has commenced.

The expected date for the formation of the entire HSE National Design Team Frameworks 2019 is the end of November, 2019.

Yours sincerely,

Jim Curran
Head of Estates
