Deputy Michael McGrath
Dail Eireann
Leinster House
Kildare Street
Dublin 2

“To ask the Minister for Health if Cork University Hospital has the most up to date radiotherapy equipment in place; if there are plans to invest further in modern radiotherapy equipment at the hospital; and if he will make a statement on the matter”

Dear Deputy McGrath

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The equipment in the Glandore Centre is state of the art, some of the technology is not in use in any other hospital in Ireland – Surface Guided Radiotherapy. There is a further 6 months of project implementation required to move the entire service to the new building.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Dr. Gerard O'Callaghan
Interim Chief Executive Officer
