

23rd August 2020

Deputy Neale Richmond
Dáil Éireann
Kildare Street
Dublin 2

Re: PQ 17605/20

Question: “To ask the Minister for Health the number of persons that have downloaded the Covid-19 tracker application; the average number of check-ins per day; and if he will make a statement on the matter.”

Dear Deputy Richmond,

I refer to the above Parliamentary Question which has been referred by the Minister for Health to the Health Service Executive for direct response.

I wish to apologise for the delay in issuing a response to your above question.

Due to the current demands of the Covid-19 pandemic and the numerous queries we have received to date it has taken longer than I would've liked to respond.

I wish to advise that the Covid App has been downloaded 1.6 million times. It is currently installed on 1.2 million devices. The average number of daily checkins for the last 3 weeks is 243,000.

I trust this addresses your question.

Yours sincerely,

Niamh O'Beirne
National Lead for Testing and Tracing
