PQ 17934/20 – To ask the Minister for Health the number of persons awaiting access to an occupational therapist in CHO 9; and if he will make a statement on the matter. – Denise Mitchell

Dear Deputy Mitchell,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The National Key Performance Indicators (KPI) process requires the capture of information in a specified format. The figures below reflect Community Healthcare Organisation (CHO) Dublin North City and County (DNCC) for June 2020 and are the most up to date available under the KPI process.

Age	Numbers waiting Dublin North West	Numbers waiting Dublin North Central	Numbers waiting Dublin North
0-4 years 11 mths	375	117	446
5-17 years 11 mths	489	182	923
18-64 years 11 mths	187	17	161
65+	888	97	1184
Total	1939	413	2,714

The total number of persons awaiting access to Occupational Therapy in CHO DNCC is therefore 5066.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Michelle Forde
