Dáil Éireann,
Leinster House,

PQ 18639/20 To ask the Minister for Health the number of from timid to tiger programmes facilitated by the HSE in 2019 and to date in 2020; and his plans to extend the programme

-Sorca Clarke

Dear Deputy Clarke,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

The “timid to tiger” programme is one of a number of tools that may be used by clinicians in both Primary Care and Specialist Mental Health Services in Secondary Care. The HSE does not collect data on specific interventions adopted by clinicians across services.

I trust this information is of assistance to you.

Yours sincerely,

Pp

Head of Operations Primary Care,
