Re: PQ 10091/20 – Consultants working in Wexford General Hospital

“To ask the Minister for Health the number of full-time consultants working in Wexford General Hospital; the number of vacancies that exist at consultant level; the number of permanent and temporary consultants; the number not on the specialist register; and if he will make a statement on the matter.”

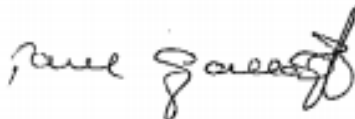

Dear Deputy Browne,

I refer to the above Parliamentary Question seeking information on the number of full-time consultants working in Wexford General Hospital, which has been referred to the Ireland East Hospital Group for direct response.

I have had this matter examined and am advised that there are 37 full-time consultants in Wexford General Hospital. There are no vacancies at Consultant level within the Hospital. There are nine consultants not on permanent contracts, of these six are awaiting permanent appointment following recent interviews. Wexford General Hospital also has two consultants not on the specialist register.

I trust this information is of assistance to you.

Yours sincerely

Paul Gallagher
Chief Director of Nursing and Midwifery
