**Deputy James Browne TD,
Dail Eireann
Dublin 2.**

PQ-3627/20 -To ask the Minister for Health the number of persons in each LHO area waiting for a child and adolescent mental health services appointment in primary care at the end of February 2020 or the latest date available; and the numbers waiting 0 to 12, 12 to 26, 26 to 52 and more than 52 weeks - James Browne.

Dear Deputy Brown,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following, based on latest available data to end February 2020, the attached document outlines the position. Please note CAMHS services are secondary care services and the response is made as such, also that the required response time of the PQ precedes the publication of March data.

I trust this information is of assistance to you but should you have any further queries please contact me

Yours sincerely,

Dr Sinead Reynolds
General Manager Mental Health Services
