-Michael Fitzmaurice

Dear Deputy Fitzmaurice,

The Health Service Executive has been requested to reply to you directly in the context of the above Parliamentary Questions, which you submitted to the Minister for Health for a response.

From February 2018 to July 2019 618,965 cases of product were distributed at a cost of €15,012,925.34.

The complaints management recording system does not break down and identify specific contracts and therefore this information is not available.

The amounts of items purchased/distributed and the associated expenditure is not broken down and identified by a specific contract and therefore this information is not available.

I hope this information is helpful.

Kind Regards,

Siobhán McArdle,
Head of Operations,
Primary Care
