**Re: PQ Number 7632/20**

Question: To ask the Minister for Health the number of tests for Covid-19 carried out in County Wexford; and the number that were positive.

Dear Deputy Mythen

I refer to the above Parliamentary Question which has been referred by the Minister for Health to the Health Service Executive for direct response.

There were 216 confirmed cases of COVID-19 in Wexford notified up to midnight 8/6/2020.

We reviewed tests that have Co. Wexford as part of their address. This would include those from the hospital in Wexford. Since February, the total number of tests which have been carried out on patients with an address in Wexford is 6,591.

I hope you find this helpful.

Yours sincerely,

pp
