Dear Deputy Durkan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Please note the data below, which has been provided by the National Heart & Lung Transplant Programme in the Mater Hospital:

Active Transplant Waiting Lists at 31/10/2020:

- Patients awaiting Heart Transplants = 3
- Patients awaiting Lung Transplants = 25
- Patients awaiting Heart and Lung Transplants = 1

Mater cardiology procedure waiting lists at 28/10/20:

- 742 patients waiting for day case cardiac procedures, of which 547 are actively waiting with the remainder of patients booked to come in or suspended from list.
- 582 waiting for in-patient cardiac procedures, of which 488 are actively waiting with the remainder patients booked to come in or suspended from list.

I understand that Beaumont hospital has responded separately to you regarding coronary waiting lists and the National Kidney Transplant Programme. I attach this here again for your convenience.
