Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The HSE has developed a draft Capital Plan for 2021 having regard to the available funding, the number of large national capital projects currently underway, and the cashflow requirements and priorities attaching to each project. All projects are considered as part of this process.

The Capital Plan 2021 has been approved by the Board of the HSE and has been submitted to the Department of Health for approval in conjunction with Service Plan 2021. Details of all projects, planned and underway, will be available following approval of the 2021 Capital Plan.

Yours sincerely,

---
