Dear Deputy Cronin,

I refer to your parliamentary question above to which I have been asked to provide a response.

CHI at Crumlin confirm the relevant department is actively working to collate the data you requested.

However, the system used within the department is not electronic and thus the information needs to be collated manually. It will take time to pull together in order to provide full and accurate information in the format you requested. As soon as we receive the report we will revert to you.

Yours sincerely,
