Re: PQ 27919/20 – Average patient experience time, Wexford General Hospital

“To ask the Minister for Health the average patient experience time in the Wexford General Hospital emergency department during the period June to August 2020; and if he will make a statement on the matter.”

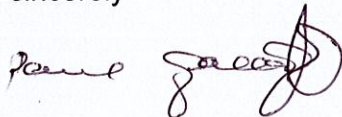

Dear Deputy Kelly,

I refer to the above Parliamentary Question seeking an update on the average patient experience time in the Wexford General Hospital emergency department during the period June to August 2020, which has been referred to the Ireland East Hospital Group for direct response.

I have had this matter examined and am advised that the average PET from June to August 2020 was 4 hours in Wexford General Hospital.

I trust this information is of assistance to you.

Yours sincerely

Paul Gallagher
Chief Director of Nursing and Midwifery
