**PQ 18226-21 To ask the Minister for Health the number of persons that have received vaccination ahead of the cohort they are sequenced in; the circumstances in which this occurred; if there is a notification process for vaccines used out of sequence; and if he will make a statement on the matter. -**

Dear Deputy Murphy

Thank you for your representation. As of Monday 3rd May, 1,621,870 COVID vaccine doses have been administered; this information is updated daily and available at the following link: <https://covid-19.geohive.ie/pages/vaccinations>

The HSE is rolling out the vaccination programme in line with the National Immunisation Allocation Committee provisional vaccine allocation cohorts. The HSE is aware that there are a small number of people that may have received a vaccine that was out of sequence. The HSE will investigate any cases that are brought to their attention.

I hope this provides you with assistance,

Yours faithfully

---

Sharon Hayden
