01/07/2021

**PQ 19924-21 - Deputy Alan Dillon: To ask the Minister for Health the details of the key performance indicators or associated metrics that will be used to monitor the vaccination centres over the coming weeks and months that do not feed an us-versus-them approach to the roll-out of the vaccines; and if he will make a statement on the matter.**

Dear Deputy Dillon,

Thank you for your representation. The HSE is rolling out the vaccination programme in line with the National Immunisation Advisory Committee (NIAC) provisional allocation list. The HSE has weekly targets to deliver each week based on the available supply. As of the 29<sup>th</sup> of June, over 4.1 million vaccines have been administered.

With 2.5 million adults having received a first dose (67%) and 1.67 million adults (44%) who are fully vaccinated.

I hope this provides you with assistance.

Yours faithfully

---

Sharon Hayden  
General Manager
