Re: PQ 19996/21

– “To ask the Minister for Health when he expects mass vaccination centres to begin vaccinating age cohorts; and if he will make a statement on the matter.”

Dear Deputy Cullinane,

The Health Service Executive (HSE) has been requested to reply directly to your above Parliamentary Questions which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position

I can confirm that that there are currently thirty five Covid-19 vaccination clinics open for mass vaccination around the country. They are currently working through the 60-69 year old cohorts, and are expected to start the next age cohort in the coming weeks.

Yours sincerely,
