PQ 1997-21 To ask the Minister for Health when he expects the medical conditions cohorts phase of the vaccine roll-out to be largely complete; and if he will make a statement on the matter. -

Dear Deputy Cullinane

Thank you for your representation. To date there have been a total of 268,030 vaccines administered to people in cohort 4. Vaccination in cohort 4 continues this week. The estimated number of people in this cohort was circa 250,000. It has been complex to estimate the number of people in this group as there is no register available. People in this group are being vaccinated at vaccination centres and by GP's.

I hope this provides you with assistance,

Yours faithfully

Sharon Hayden
General Manager
Office of the CCO
