PQ 19999-21: To ask the Minister for Health the target of vaccine delivery in estimated numbers of doses per week for each of the mass vaccination centres for each month in April, May and June 2021; and if he will make a statement on the matter.

Dear Deputy Cullinane,

Sincere apologies for the delayed response as a result of the cyberattack.

To date 4.1 million adults have received a vaccine with 2.5 million adults receiving a first dose (67%) and 1.67 million (44%) who are fully vaccinated.

I hope this provides you with assistance.

Yours faithfully

Sharon Hayden
