PQ 21419/21 Re: “To ask the Minister for Health the number of cryotherapy machines in each public and voluntary hospital; and the number of persons waiting for appointments to use these machines in each hospital”

Dear Deputy Murphy,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. Following a request for clarification, you advised on 30/04/21 that the question relates to cryotherapy chambers.

I wish to advise you that I have contacted all of the hospital groups and CHI and I am advised that they do not utilise cryotherapy chambers in their hospitals.

I trust this is of assistance.

Yours sincerely,
