PQ 22348-21 - Deputy Bernard J. Durkan: To ask the Minister for Health if he is satisfied that all persons over 70 years of age have been given a first Covid-19 vaccination; the number outstanding in this cohort; his proposals to address the issue; and if he will make a statement on the matter.

Dear Deputy Durkan,

Thank you for your representation. As you will be aware the HSE is rolling out the vaccination programme in line with the National Immunisation Advisory Committee Allocation list.

The uptake remains strong overall for the vaccination programme for those age groups receiving dose one with 99% over 80 plus, and 90% for ages 70-79 years.

Over 4.1 million vaccines have been administered to date, 2.5 million adults (67%) have received dose one, 1.67 million adults (44%) are fully vaccinated.

I hope this provides you with assistance.

Yours faithfully

Sharon Hayden
