

21st December 2021

Deputy Michael Moynihan,
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 61763/21 - To ask the Minister for Health the number of persons on the physiotherapy waiting list by local health area as of 1 December 2021 or the latest date available; the number waiting less than 4, 4 to 12 and more than 12 months; and the number waiting aged 0 to 4, 5 to 17, 18 to 64 and aged 65 plus.

- Michael Moynihan

Dear Deputy Moynihan,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (PQ 61763/21) which you submitted to the Minister for Health for response.

The spread of COVID-19 is posing significant challenges for many service areas, including all Therapy Services. In light of these unprecedented challenges together with the Government's guidance on social distancing and on 'Cocooning' for those aged over 70, the HSE has had to reassess its operation of Community Therapy Services nationally, to ensure that the assessed needs of those clients with the highest priority are met.

The HSE is committed to delivering efficient high quality Physiotherapy services to all eligible service users. In 2020, there were 414,345 patients seen by HSE community Physiotherapy services

Please find attached Appendix 1 which contains, in tabular form, details of the waiting lists in Physiotherapy as of October 2021. Please note where an individual LHO was unable to return the waiting list data for the month in question that is noted at the bottom of the waiting list table.

Appendix 1 - Physiotherapy - Number of Patients waiting for Assessment October 2021

I trust this information is of assistance to you.

Yours sincerely,

Seán McArt
General Manager Primary Care
National Community Operations
