Email:

Date: 12 February 2021

PQ 6390/21 (148) - To ask the Minister for Health the number of healthcare workers that received their first jab for the Covid-19 vaccine in the period 28 December 2020 to 1 February 2021; the results by week and by healthcare worker subset as per the vaccination sequencing document; and if he will make a statement on the matter.

Dear Deputy Smith,

Thank you for your representation. The first vaccines were administered on the 29th of December. By the 27th of January 76,100 healthcare workers received their first dose of the vaccine. The sequencing document for healthcare workers was developed to assist and support the roll out of the vaccine programme in group 2 of the vaccine allocation programme and this subset of data is not available.

I hope this provides you with clarity,

Yours sincerely

Sharon Hayden
General Manager
