PQ 6573/21 (157) To ask the Minister for Health if any Covid-19 vaccines have been provided to employees of pharmaceutical companies in their workplaces or elsewhere as part of the Covid-19 vaccination programme; and if he will make a statement on the matter.

Dear Deputy Barry

Thank you for your representation. The HSE's roll out of the vaccine programme has focused on the immediate priority groups.

Group 1 being adults over > 65 years of age who are residents of long term care facilities and group 2 being frontline healthcare staff in direct patient care. The HSE have not provided vaccinations to pharmaceutical companies.

The priority of the HSE is to roll out the vaccination programme in line with the government plan and is reliant on supply,

I hope this provides you with assistance,

Yours sincerely

Sharon Hayden
