9<sup>th</sup> February 2021

**Deputy Martin Browne, TD,  
Leinster House  
Kildare Street  
Dublin 2**

**RE: PQ 7539/21**

**To ask the Minister for Health the locations identified to vaccinate persons over the age of 70 years in counties Tipperary and Limerick.**

Dear Deputy Browne,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Now that there is a safe and effective vaccine available we are aware that most people are keen to get vaccinated as quickly as possible. Currently the key constraint is that there is only a limited amount of vaccine available so it is not possible to reach everyone as quickly as we would like. Given that limitation the Government published a national list of Provisional Vaccine Allocation Groups on December 8<sup>th</sup>. This list is available at the following link. <https://www.gov.ie/en/publication/39038-provisional-vaccine-allocation-groups/>. This guidance is summarised in the table below.

Currently we are progressing with the Older Persons Residential Centres and the Private Nursing Homes. Dose 1 has been completed and we are in the middle of administering Dose 2.

We still await finalised national direction for the rollout of the vaccine for the over 70's.

Yours sincerely,

**Anne Ryan  
Head of Service,  
HSE Mid West Community Healthcare**

Group	Provisional vaccine allocation groups
1	People aged 65 years and older who are residents of long-term care facilities (likely to include all staff and residents on site)
2	Frontline healthcare workers
3	People aged 70 and older
4	Other healthcare workers not in direct patient contact
5	People aged 65-69
6	Key workers
7	People aged 18-64 with certain medical conditions
8	Residents of long-term care facilities aged 18-64
9	People aged 18-64 living or working in crowded settings
10	Key workers in essential jobs who cannot avoid a high risk of exposure
11	People working in education sector
12	People aged 55-64
13	Other workers in occupations important to the functioning of society
14	Other people aged 18-54
15	People aged under 18 and pregnant women
