PQ 8597/21 (191) - To ask the Minister for Health the location of all testing centres and vaccination centres proposed by county in tabular form.

Dear Deputy Sherlock,

Thank you for your questions. There are 37 testing centres across the country, with at least one testing centre in each county. In addition if the demand requires pop up testing centres are established.

There will also be 37 HSE vaccination centres opened across the country. Many people will be offered their vaccination in these centres and registration will be online. The aim is that the vaccination centres will be available by the 1st of March.

The detail of the centres is published in the link below
<https://www.gov.ie/en/publication/8a35f-irelands-covid-19-vaccination-centres/>

I hope that this provides you with assistance,

Yours sincerely
