One Permanent Consultant Interventional Cardiologist Post changed from 1 WTE to 0.6 WTE in August 2019, following which the Permanent Consultant Cardiologist Post changed from 0.5 WTE to 1 WTE.

It should also be noted that an application for the post of Permanent Interventional Cardiologist was approved by the Consultant Applications Advisory Committee (CAAC) earlier this month.

I trust the above is satisfactory but if you have any queries please do not hesitate to contact me.

Yours sincerely,
