Dublin 2.

Re: Parliamentary Question - 9864/21

To ask the Minister for Health when patients awaiting primary medical certificates from the primary care health centre in Mullingar, County Westmeath since March 2020 will have their case assessed by a medical examiner. -Sorca Clarke

Dear Deputy Clarke,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you recently submitted to the Minister for Health for response. I have examined the matter and outline the position as follows.

As a result of an Irish Supreme Ruling in June 2020, the Department of Finance and the Department of Health advised the HSE that all applications and assessments for Primary Medical Certificates had to be paused pending legal clarification of the ruling from the Attorney General's Office. Following the enactment of the Finance Bill 2021, the HSE was advised by the Departments of Health and the Department of Finance that medical assessments could resume on 01/01/2021.

Unfortunately, due to suspension of the scheme in June 2020 and the current Covid 19 pandemic, there is a considerable backlog of applications awaiting medical assessment. The HSE Midlands Louth Meath CHO will endeavour to ensure that this backlog and waiting list is cleared in the near future, as soon as community transmission of the Covid 19 virus is at a lower level than it is presently.

We would anticipate that we should be able to initiate a catch up to address the Primary Medical Certificate backlog at the beginning of Quarter 2, 2021.

I trust the above is in order but please do not hesitate to contact me should you have any further queries in this regard.

Yours sincerely,

Sarah McBride

Chief Officer

Midlands Louth Meath Community Health Organisation
