PQ 1931/21 (11) - To ask the Minister for Health the number of nursing home residents here; and the most up-to-date number that have received the Covid-19 vaccine.

Dear Deputy O'Reilly

Thank you for your representation. There have been 7,925 vaccines administered to long term residents up to the 13th of January.

Vaccine supply has been increased to long term residential care facilities (LTRC) and the aim is to vaccinate residents of 186 nursing homes this week, 70,000 residents and staff in 589 LTRC facilities will receive their first dose before then end of the month, under the new accelerated schedule.

The HSE is doing everything that it can to reach everyone as quickly as possible,

I hopes this assists with your question.

Yours sincerely
