PQ3232/21 (86) To ask the Minister for Health if he is considering lengthening the time between the administration of first and second doses of a vaccine (details supplied) or other Covid-19 vaccines; the consultation that has been had with the manufacturers; if the lengthening of time has been endorsed by the manufacturers; and if he will make a statement on the matter Pfizer BioNtech

Dear Deputy Barry

Thank you for your question. The interval delivery for the Pfizer BioNtech vaccine between the first and second dose 21 – 28 days. This is based on guidance from the WHO and the National Immunisation Advisory Committee.

I hope this provides you with assistance,

Yours sincerely
